Notes from the President

This summer has slipped by quickly. As the term begins, I am very excited to see new members joining and some returning members who haven't joined us for some years but now are coming back. If you have not renewed the membership, I strongly encourage you to take action this week so your information will be published in the members' directory of yearbook and our website.

All meetings will be on the third Thursday each month except for May luncheon. Meeting location is at Cambridge Academy of Music. A big thank you goes to Margaret Liu for offering the venue to our chapter again.

Recently ND website has issues with the host provider and domain registrar. Members have troubles to get to the website to acquire information. Mr. Salcedo has been working on solving the problems and I will let you know when the website becomes accessible.

All events and programs will be introduced in our August meeting. This is the only meeting that we don't have a program and it is an overview of the calendar. All chairpersons will be answering any questions that you have. Two master classes are arranged this year: September and March. The participating levels of students will be discussed in the meeting. Please join us and share your thoughts.
